## JACKMAN MAKES DEMAND FOR LETTER

Question of Republican Cen-  
tral Committee's Mail Has  
Come to a Head

PROCEEDINGS IN  
COURT IMMINENT

Shaw Sends Letter Outlining  
His Position in the Con-  
troversy Now on

S. J. Jackman, chairman of the Republican county central committee elected at the convention of Sept. 14, which was in control of the Roosevelt forces, has made a written demand upon Postmaster L. L. Shaw for a special delivery letter now in the Santa Ana postoffice. This letter is addressed to the Republican county central committee. With Capt. N. A. Elm also demanding that the mail addressed to the Republican county central committee be delivered to him as chairman of the central committee formed on Sept. 21 by the convention held by the Taft Republicans, the controversy has come to a head. Jackman expects to take immediate steps to take the matter into the courts, alleging that the committee of which he is chairman is the only central committee organized under the primary law and entitled to any and all mail addressed to the Republican central committee.

This morning Jackman consulted Attorney Keen & Davis. He has rejected Postmaster Shaw's offer for the appointment of a referee, or to a conference with Capt. Elm. Jackman declines at any stage of the proceedings or in any manner to recognize Capt. Elm's committee as legally the Republican county central committee.

The matter came to a head yesterday when Jackman received a note from Postmaster Shaw, stating:

"Mr. Jackman—We have a special delivery letter for the Republican county central committee. Would you suggest that you send Mr. Elm and come together, if that is satisfactory to you both, and we will deliver it so you can decide to whom it belongs."

"Very respectfully,  
"LINN L. SHAW, P. M."

Inclosed with this was the following:

"S. J. Jackman, chairman Republican County Central Committee.  
"Dear Sir:—I herewith extend to you extracts from the postal laws and regulations bearing on cases where conflicting orders have been given for mail, and where dispute exists as to the ownership of same:

"Sec. 646. When a firm or corporation as to whom the mail addressed to the former business firm or company, or its officials, shall be delivered, the postmaster, being forbidden by one party to deliver to another, should require the appointment of a receiver, retaining all matter until said receiver is appointed; and if no receiver is appointed, or no agreement between the contending parties is reached before the expiration of thirty days from the date when delivery ceased, the mail in dispute and all that may thereafter arrive (until an agreement is made or receiver appointed), shall be sent to the dead letter office marked "In Dispute." If, however, such letters bear requests for their return if not delivered within a certain time, they should be returned to the sender direct at the expiration of the time named, marked "In Dispute."

## Will Ask Conservation Commission for Relief From Waste of Water

Committee Will Present Matter  
at Meeting in Los Angeles  
on October 12

Representatives of the Associated Chambers of Commerce will be in Los Angeles on Oct. 12 to present to the State Conservation Commission the necessity of securing legislation to prevent the waste of underground waters of this section by the unrestrained flow of artesian wells.

The Associated Chambers has appointed Attorneys H. C. Head, S. M. Davis and L. A. West as a legislative committee, with W. A. Zimmerman, president of the Associated Chambers, and G. W. Minter, president of the Santa Ana Chamber of Commerce, as ex-officio members of the committee.

The matter was taken up by the Associated Chambers because of the fact that many wells, particularly those that fill duck ponds for the gun clubs, are allowed to flow continuously, thus diminishing the underground supply. The theory that the maintenance of fresh water ponds endangers the health of the section by the possible starting of malaria was advanced.

The suggestion to take the matter up with the Conservation Commission was received today in a letter from J. P. Baumgartner of Santa Ana, who is on the way east to attend the National Conservation Convention, and who is a member of the Conservation Commission of California. The letter says:

"I note the very laudable effort being made by the Associated Chambers of Commerce to secure legislation to prevent waste of water and the accompanying menace of malaria. Permit me to suggest that your committee present this matter to the Conservation Commission of California, room 702, Mills Bldg., San Francisco."

"We are to hold a meeting on proposed water legislation at the Chamber of Commerce building, Los Angeles, Oct. 12, at 10 a. m., and your committee ought to be there. I am sure you can have incorporated in the Water Commission bill the provisions necessary to stop the waste and abate the consequent nuisance. Indeed, I am under the impression that our bill already provides for the very relief you are seeking. You can get a copy of the Water Commission bill at my office within a few days."

"It may be well for your committee to prepare a separate bill and introduce it, so that if our bill should fail to pass you would still have a chance for securing relief. I am writing the chairman of the Conservation Commission on the matter. Be sure to send your committee to Los Angeles to meet him Oct. 12."

"The legislature and governor will look to us for all recommendations on water legislation."

"Yours truly,  
"J. P. BAUMGARTNER."  
"We will be there," said President Zimmerman this morning.

## MEXICAN REVOLT PROBE IS ENDED

U. S. Senate Sub-Committee  
Completes Taking Evidence;  
Will Soon Submit Report

LOS ANGELES, Sept. 28.—The senate sub-committee which has been investigating the affairs of Mexico for the past two years, the period covering the Madero and Orozco rebellions, practically concluded its labors at the Hotel Alexandria yesterday, and will in the near future submit its report and recommendations to the Senate Committee on Foreign Relations. The report will be a voluminous document and will set forth these three important features:

That the evidence produced before the investigators points to the necessity for the United States to intervene in Mexico, in order that Americans and American interests should be protected.

That the evidence proves conclusively that no American money was used in financing the Orozco rebellion.

Corporations Suspected  
That the evidence tends to establish the claim that American funds were used to finance the Madero revolution, and it is predicted the report will point the finger of suspicion at certain large American corporations heavily interested in Mexico.

## POLITICS IN TABLOID FORM

Roosevelt in Solid South; Must  
go Easy on Talks, Says  
His Physician

TAFT'S COURSE PRAISED  
BY FREDERICK STEVENS

Wilson Talked to 75,000 in  
New England; Bryan to Talk  
in Wyoming

SARATOGA, Sept. 28.—"The honorable and dignified manner in which President Taft is conducting his campaign for re-election must make every Republican proud that he is their candidate," said Frederick C. Stevens, former State commissioner of public works today.

## WILSON SAYS PEOPLE OF NEW ENGLAND EXPECT HIS SUCCESS

NEW YORK, Sept. 28.—Governor Wilson arrived here today from New England, where he addressed 75,000 people. He said:

"I am gratified and encouraged at my reception in New England. I was especially impressed everywhere with the manner in which the crowds take it for granted that the Democratic ticket will be elected."

**Bryan in Wyoming**  
OGDEN, Utah, Sept. 28.—W. J. Bryan is today on his way to Rawlins, Wyo., where he is scheduled to speak tonight. Bryan will spend Sunday with former Governor Osborne at Rawlins. He continues his attacks on Colonel Roosevelt in his speeches.

**Speckels Gives Reasons**  
CHICAGO, Sept. 28.—Why he deserted the Republican party to support Wilson for president was told here by Rudolph Speckels, the San Francisco millionaire: "I cannot support Taft because he does not represent the rank and file; Roosevelt's party is the most undemocratic body ever organized in America."

**MONTGOMERY, Ala., Sept. 28.**—Colonel Theodore Roosevelt has been ordered by his physician, Dr. Terrell, to shorten all speeches hereafter and to make no more platform talks.

The Colonel arrived here this morning and discussed the "New Emancipation," and abandonment of the practice of voting "on traditional grounds." His itinerary today includes Opelika, Columbus and Macon. Tonight he will address an audience at Atlanta. He will start for Chattanooga tomorrow afternoon.

## THEY FOUND HALF MILLION IN BANK

Detective Says Bank of Mont-  
real Robbers Expected But  
\$25,000 or \$30,000 Loot

ST. LOUIS, Sept. 28.—In a discussion of the arrest yesterday of Walter Stacey, charged with looting the Bank of Montreal at New Westminster, William Pinkerton, the noted detective, said:

"The New Westminster robbery was one where the robbers found more than they expected. They thought they would find twenty or thirty thousand dollars, and instead found half a million and could not carry it all away. I believe the leader of the gang is John McNamara, a San Francisco saloonist."

**Stacey Identified by Photo**  
CHICAGO, Sept. 28.—Police Lieutenant Burns identified a photograph of Stacey as one of the men who beat him up in a saloon, then escaped.

**Washing Cretone**  
Bran water is excellent for washing cretone, and this is the way to make it: Take one cupful of bran, put it into a saucepan and cover it with one quart of cold water, then bring it slowly to the boil. It should be left to simmer for a half an hour, and then be strained through a piece of muslin, after which add another quart of water to make it lukewarm and also a little melted soap. Less soap is necessary than for ordinary water, as bran water has cleansing properties. It has also a stiffening power, and thus no starch is required to stiffen the majority of fabrics for which bran water is used.

## DUCK HUNTERS AWAIT OCT. 1ST

Good Sport Can be Had on  
Roads and Along Waters  
of the Bay

(By Victor Walker of Hill & Walker)

With duck season on the eve of opening, Oct. 1st, the dove season at its height and quail almost ready for the battle, Oct. 15, nimrods are keenly alert for new "dope" on hunting grounds, and listen all attention to tales of last season's bags. Every man interested in shooting has his particular spot picked for the first day's sport and is guarding the same with the closeness of a clam. Those unacquainted with the Orange county hunting grounds will find it hard to secure information and will probably be just as successful studying the map of the county for mountain ranges, streams and marshes as to seek knowledge from the local sportsmen until after the first big shoot. Ducks are plentiful and a lively season is a certainty. Unfortunately the good duck shooting grounds of the

county are all enclosed in private gun clubs and those pastures and marshes that are not thus protected have "no shooting" signs out.

Thoroughfares pass through the clubs and these are open to the hunter and often as good shooting can be obtained here as in the club. There is no doubt opening day will find as many shooting on public grounds as in the club by club members.

Fine shooting can be obtained on the headwaters of Newport bay as all the ducks that feed in the preserve follow the course of the bay. It is a delightful trip from Balboa or Newport and the outing is well worth the trouble even if the sportsman is unsuccessful in bagging birds. This beautiful stretch of bay is navigable to the gun club and at present is the feeding grounds for as many ducks as the club grounds.

Los Alamitos Bay will also afford some good shooting and boats are easily obtained at Anaheim Landing. Some sportsmen get their limits among the sand dunes in the morning flight and prefer the less strenuous method to the water way.

A good day's shooting can be obtained in the marshes at Serra but as the place is too unprotected the ducks will soon seek safer feeding grounds. With dove season at its height the early flight of doves has changed considerably and many places where shooting was good at the opening of the season are now deserted by the birds. This might lead some to believe the birds are being exterminated, but those who visit different parts of the county report them as plentiful as earlier in the season.

It takes good shooting and considerable luck to bag the limit of doves, because the flights are changeable and very unsteady. Good shooting has been obtained in the Aliso and Peters canyons, Trabuco and Hot Springs canyons have also contributed their share to the sport. The foothill ranches on the San Joaquin have afforded good feeding grounds and also good shooting.

The outlook for quail is good and many large coveys are reported by the hunters but though they seem plentiful the nimrods will have to go farther back and avoid the automobile roads which make the easily accessible places too handy.

Surf fishing is still lagging and as the summer season is almost over and the large fish so far recorded are cornered by two successful and scientific sportsmen, the tournament committee of the Orange County Rod and Reel Club has decided to extend the season and give the less successful a chance. The present leaders are good sportsmen and glad to see the contest continue as they are confident of their ability to shine among the best.

The corbina and spotfin croaker seem very scarce and the condition is unaccountable for. The poor surf fishing is very general along the south coast and has been a great disappointment to the sinker-shying fraternity.

Bass and mackerel fishing continues to be very good and as the largest catches of bass are made the surf and in the favorite surf fishing grounds they have become the popular fish with the local rod and reel men. Perch are very plentiful and those who admire the surf variety can take limit loads if their bait holds out. The run of corn-fed mackerel was very short this year but afforded good sport to the Newport devotees of this branch of angling, and sent many a pet mackerel pole to an early grave in the trash pile.

**The Men Who Succeed**  
as heads of large enterprises are men of great energy. Success, today, demands health. To ail is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvan, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

### GETTING DOPE ON FOOTBALL

Santa Ana High School Will  
Have a Good Team This  
Season

High school football fans are busy getting "dope" on the team that will begin work next Monday. Since Coach Ratcliffe landed in town last Monday from the East with a lot of new plays up his sleeve he has been rounding up last year's team, conferring with captain and manager, and working up enthusiasm for the opening.

Captain "Bill" Warren, "the two Spuds," "Tiny" Barker, West, "Red" Timmons, Robinson, "Cy" Eaton, "Nooks" Tedford, Dick Whitson, Catland, Winbiger, Schooley, with perhaps a few others of last year's regulars and subs will be back. There will be some new men out who will prove to be the "goods." "Shorty" Smith, of track and baseball fame, will try for a back and should make good. His speed and size should land him a job, and his kicking should make him doubly valuable behind the line.

Capt. "Bill" Warren looks good to land the "All-Southern" center job this year. "Tiny" Barker, with his 212 pounds, will fill the full-back job. Robinson, "Big" and "Little" Spud, and "Nooks" Tedford will be out for back field berths and should make one of the fastest back fields the team has had.

West and "Red" Timmons will be hard to beat out of the "wing" job. West also counts on his "place kicking" to help land him on the team. The tackles are worrying the coach. "Blick" Ground will not return to school and Visel is just recovering from a serious operation, but he hopes to get into the game anyway. Whitson, Schooley, Catland, Winbiger, Eaton, and Holzgrate will make a hard fight for the line positions, though some new men may upset all dope and beat out the old team players, as no position on the team is cinched.

Manager "Shorty" Smith has arranged the best schedule the team has had for years. This includes a trip to San Diego, with games with Long Beach, Pasadena, and Chaffey Union at Lincoln Park, the last the Thanksgiving Day game. Also games with Santa Monica and Whittier, on their grounds, are to be played. This is a heavy schedule and one that should draw big crowds to Lincoln Park. Practice starts Monday, when it is hoped a lot of new fellows will show up.

### RETURNING TO THE COLLEGES

Kelly, Lutz, McFadden, Smart  
and Eaton Ready For the  
Year's Contests

In the coming year, a number of California colleges will have quite a number of Orange County athletes on their teams. Foremost among these athletes is Fred Kelly, the El Modena youth who has made himself famous as a hurdler. Kelly comes back fresh from his wonderful victories at Stockholm to re-enter the University of Southern California.

Among the Santa Ana boys who will take part in football games this season are Arthur Lutz, Edwin McFadden, William Smart and Walter Eaton. Lutz is captain of the Pomona College football team, on which team McFadden is also a star.

Smart returns to Occidental College, where he is one of the strongest players of the college. Eaton is at the Colorado School of Mines, and will play with that team against Pomona College when his team comes to Los Angeles on Thanksgiving Day. Eaton writes that his team is practicing hard and will give Pomona College one of the hardest games they ever experienced next Thanksgiving Day.

### BASEBALL GAME AT THE NEW PARK

The baseball game at the new park Sunday between Harris & Frank's and Santa Ana promises to be a rare treat to local baseball fans.

This is the second game of the series of three to be played in Santa Ana. Santa Ana lost the first on account of a crippled team but tomorrow things will be different as Santa Ana has been strengthened a great deal. Doing the backstop work will be seen Stevens, a lively young catcher as can be found in the business. He will undoubtedly be seen next season in professional circles.

On first-base will be a new face to local fans, Pat Fulton, a man who has recently been playing in the Northwestern League and who, on first, is hard to beat. On third will also be seen a new man, Flick, who this season has been with the Twilight League with a batting average of .379. The rest of the lineup will be from as good a bunch of bush leaguers as it is possible to find.

As for Harris & Frank it is useless to say much as they are the best semi-professional team Los Angeles can put out.

Tobey, that lively little manager and coacher from the Nebraska Indians will be seen in his old coaching stunts on the lines.

**NOTICE TO WALNUT GROWERS**  
—The Santa Ana Valley Walnut Growers' Association will receive members until Friday, Oct. 4th, at which time the books will be closed. All growers desiring to join the Association can do so by applying at the packing house of the Association until that time.

The date of opening the packing house has been changed to Thursday, October 3.

### STAR PLAYERS TO FORM TEAM

Football Players to Get Together  
For Games Against  
the Colleges

An Orange County Athletic Club football team is now being organized for the coming season, and is now arranging games with all the Southern California colleges. There is no doubt but what such a team would be one of the strongest in the South, as there is plenty of material in this city and nearby cities for a first-class team. The team is to be organized at once, and will practice three times a week so as to be in good shape as possible for practice games. A game is also to be arranged with the U. S. Army Coast Defense at San Diego.

Among those who will compose the team are some of the best athletes of the South. Royce Lantz, member of the All-Southern California High School team, is expected to play end, and the team will be captained by Eddie Reeves, All-Southern California High School quarterback last year. The third one on the all-star team last year is Jack Newcomer, and he will play a half on the athletic club's team. Art Collins, former captain of Occidental College team, will probably play in the back field as well as "Rummy" DuBois, former star of the high school as well as a member of the Occidental College team. "Frosty" Halladay, former captain of Pomona College team, will be induced to don the mole skins again. "Sammy" Burke, a dare-devil player, will also line up with the new team, as well as Beryl Wilson, former halfback on the high school team.

## SOUTHERN-PACIFIC WILL ADD 3 DE LUXE TRAINS

Southland Mecca For Thousands This Winter, Declare Officials

## RECORDS TO BE BROKEN

Travel to Be Heaviest in History of Railroads; New Trains Necessity

The imperative necessity for additional equipment to meet the forecasted increase in passenger traffic to California this winter became more apparent than ever yesterday when the Southern Pacific system announced that it would inaugurate three new de luxe trains, finer than any it has ever operated, between Los Angeles and San Francisco to New Orleans, Chicago and to Portland respectively. The trains will be called the Sunset Limited, Overland Limited and Shasta Limited.

An extra fare of \$10 will be charged on the two eastbound trains. The equipment will be all steel. Each train will carry a barber shop, bath-room, library, ladies' maid, stenographer, observation car, drawing-room car, dining car with first-class chef, in addition to the usual sleepers of the latest model. Daily telegraphic stock reports will be furnished and telephone connections will be made at all large stations en route. Record time

will be made by these trains. Record-Breaking Winter. F. E. Batturs, general passenger agent, said yesterday:

"This winter's travel to California will be the heaviest in the history of transcontinental railroading. The Southern Pacific will be ready to meet this increased traffic from its start immediately after the holidays. The de luxe trains will supply the desire of thousands who seek the finest equipment. The regular service will meet the needs of those who want first-class accommodations without luxuries."

There is a surprise for Southern California this year. It is the invasion of a stream of visitors from Canada and the northwestern portion of the United States. They are coming like an army seeking winter quarters in a warm country by the sea. To accelerate and augment this movement, passenger agents of the northern divisions of the Southern Pacific system are now at work. They are traversing the Pacific northwest with motion picture shows of this beautiful sunny region and capable lecturers to tell of the numerous attractions of this entire coast region. Literature superbly illustrated is being distributed among the residents of the chilly northland, explaining in detail what California has to offer winter visitors. The campaign is on. Its results are already being felt by inquiries and reservations from distant points. The Shasta Limited will be a \$5 extra fare train, in addition to the regular trains.

**2000 Autos Coming**  
"Last winter 800 automobiles were brought to Southern California by visitors from other states, while hundreds of machines were bought here after arrival. Touring the state in motor cars is becoming quite the thing among the people of means. This winter it promises to exceed the past three years combined. Perhaps 2000 autos will be brought here this season."

"California's smile is more fascinating this fall than ever before, for several reasons: The early cold snap in the East and last winter's severity; good crops everywhere, which give people that comfortable feeling of prosperity conducive to travel; the cumulative effect of tremendous advertising during past years on account of the Panama expositions in San Francisco and San Diego; the good times enjoyed by those attending the Shriners' convocation and the G. A. R. encampment; the late convention of general passenger agents in Seattle and their visit to other Pacific coast points; and above all the splendid prosperity of this favored state, which spreads afar its good news to the world and beckons people hither to share fortune with it."

## SURPRISES AT OLD NEWPORT

J. D. Hunton Called Out of Bed to Greet About Fifty of His Neighbors

OLD NEWPORT, Sept. 28.—Surprises seem to be the order of the day. About fifty of the friends and neighbors gathered at an early hour Thursday evening, with various refreshments, and walked in upon Mr. J. D. Hunton. It made no odds that he had retired, but he needs get up in the morning. Games, music and conversation ensued until refreshments of ice cream, cakes, fruit and wafers were served, shortly after which a happy and well satisfied crowd departed for their various homes with a determined mind to let the good work go on.

The drawing card on Friday was the circus and all who had an excuse, valid or not, went to town, ostensibly to do business or shopping but really to enjoy the various attractions in the big tents.

On Wednesday afternoon the ladies of the community gathered at the home of Mrs. C. M. McClintock, of Fairview, for the monthly meeting of the Woman's Home Missionary Society study class. The topic, conducted by Mrs. A. G. Adams, was "The Anti-Christian Faiths of America." Various subjects were ably handled by those present and a very interesting hour was profitably spent. Later refreshments of ice cream, cakes and wafers were served. Those present were Mesdames A. T. Cole, C. L. Platt, F. M. Bradbury, D. A. Bear, H. O. Merritt, J. B. Lockett, D. W. Ellis, J. W. Harlin, Perry Neeley, R. L. Tedford, W. R. McClintock, A. G. Adams; Misses Bert Armstrong, Besse Doherty, Margaret Adams, Lois McClintock, and Masters Harvey and Howard Bear.

As strong sermon as could be preached upon the subject of "Affliction as a Mode of Baptism" was delivered by Rev. R. R. Raymond Sunday morning to a very attentive and appreciative congregation. Next Sunday morning he will preach upon "Infant Baptism." All those interested should come out upon this Sunday and all Sundays as Mr. Raymond is a very pleasing and able speaker and always gives a sermon which is food for thought.

The Church of Christ has established services in the school house each Sunday. Bible study at 10 and preaching at 11 and at 7:30 in the evening.

ing at 11 and at 7:30 in the evening. Mr. Funkhauser of Long Beach, preached two very fine sermons last Sunday and will be here at least one Sunday in each month. Mr. G. W. Riggs of Los Angeles will also preach at different times. All who are interested in a gospel preached and taught according to the New Testament standard and no other, are cordially invited to attend and will be heartily welcomed to these services.

Mrs. H. O. Merritt last Friday evening was as one torn between two opinions. She with her family attended the circus in the evening and, as she was sitting upon the brink of the abyss filled with crashing seats and screaming people, she was grabbed by those falling and nearly pulled into the catastrophe while friends took hold upon the other side to pull her to safety. She sustained no serious injury save a shock to her nerves.

Mr. and Mrs. Perry Neeley of Angeles and Miss Besse Doherty of Lan-kershim, are visiting old neighbors and friends.

Mrs. Zarb of Downey, a sister of Mrs. A. T. Cole, is quite ill in a Los Angeles hospital. She is now rapidly improving and her friends are hoping for a complete recovery. Another sister, Mrs. Wilson, of Los Angeles, visited at the Cole ranch Saturday and Sunday.

Mr. and Mrs. H. O. Merritt and family and Miss Ruth Armstrong took a trip in the automobile of about 175 miles last Sunday, going by way of Riverside, through San Bernardino, Pomona and Los Angeles.

Mr. and Mrs. L. H. Wakeham and son, Hubert, spent several days in Los Angeles visiting with Mr. Wakeham's sister, Mrs. Blanche Phillips.

Mr. James Firebaugh, of Corcoran, came down Wednesday for a visit with his sister, Mrs. A. S. Armstrong.

Miss Walters of Tustin, visited last week at the Glaze home at Fairview.

Miss Esther Segerstrom went to Los Angeles on Friday for a week end with her sister, Miss Christine Segerstrom.

Mr. and Mrs. O. M. Barnes returned from their visit in Los Angeles and stopped over Sunday with Mr. and Mrs. A. G. Adams on their way to their home in San Diego.

## WELL ORGANIZED FOR YEAR'S WORK

Placentia Courier: The Placentia grammar school is now well organized for the year's work. Enrollment opening day was 162, six more were added this Monday and one on Tuesday, bringing the total enrollment to 169.

Some of the class rooms in the new building are already crowded. Every desk was filled in the three upper class rooms and twelve more desks had to be added in the Seventh and Eighth grades.

There are thirty pupils in Miss Alexander's and also Miss Hammerton's room, forty in Miss Seymour's, thirty-six in Miss Jacobson's and thirty-three in Prof. Meagher's.

Miss Jacobson, who was quite ill for two or three weeks, took up her school work Wednesday morning. Mrs. A. G. Phillips of Placentia substituted for her and proved herself a good disciplinarian and first-class teacher.

## FEEL BULLY? TAKE CASCARETS TONIGHT

Gently Cleanse Your Liver and Sluggish Bowels While You Sleep

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver and stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascarets tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.

Poultry dinner at the Hotel Rochester, Orange, tomorrow, 12:00 to 1:30. Price 50c.

# The "Standard Building Machine's" Speeding Up Under a Full Head of Steam

NOTE THE PROFIT GAUGE—THAT TELLS THE STORY  
BUY NOW AT 30c—PRICE ADVANCES TO 50c OCT. 1ST.

Yes, Mr. Investor, the machine's hammering away—piling up profits for "Standard" stockholders. The "Standard," you know, is nothing more nor less than a building machine—a high-powered, smooth-running, wonderfully efficient machine for the production of houses. And it's working overtime nowadays—broke ground for ten new bungalows only a couple of weeks ago. Right now is a good time to buy an interest in this machine. You can buy at 30c per share up to Oc-

tober 1st. After that the price will be 50 cents. Shows you 66 per cent profit, you see, is a couple of days. \$66 profit on every \$100 you invest.

There's no room for argument about the profits in the building and subdivision business—it's a conceded fact that rightly managed it pays a bigger percentage on the money invested than almost any business you can name that's equally as safe. And it's also certain that the "Standard" is one of the most ably administered of the many building companies. Its record proves that.

**The "Standard" is a Firmly Established Success---It Has Made Good---**  
**There is Nothing Speculative or Experimental About It. Your Money Invested in "Standard Stock" is Backed by the Soundest Security in the World---Solid Bricks and Mortar---Gilt Edge Real Estate---Join us Now**

Join us now, Mr. Investor, and reap the profits of early investors in all successful enterprises. And remember this—the "Standard" is a genuinely co-operative company. Just a plain straightforward partnership with every stockholder an equal partner in every sense. There's never been a dollar of promotion stock issued—the officers are merely your employees holding their positions only through faithful attention to your interests. There's no inside clique holding a controlling interest nothing that savors in any degree of frenzied finance.

Our two unique features tell the story. 1.—You can apply your stock to the purchase of any of the company's real estate offered for sale. 2.—If you buy a home from us you can at any time exchange your cash equity for fully paid-up stock in the company. Come in—go over the books—ask questions—size us up from every angle. Ask the All Night and Day Bank, Los Angeles, about our standing. Then join us now—before the raise in price. Terms, 10 per cent down—5 per cent per month. Office open evenings until after October 1st.

### THE CONVENTION

Fresno Republican: With the action of the Republican state convention yesterday, the will of the Republican voters of California, twice expressed during the past year as to their choice for presidential candidate, has been carried out by the regular and legal convention of that party in California. In May last, the Republicans of California declared by a majority of 70,000, that they desired Theodore Roosevelt as their candidate for president next November. An illegal convention at Chicago in June attempted to cheat them out of this right. In September, in naming their representatives to the state convention, the Republicans of this state selected delegates, who yesterday, by a vote of ten to one, nominated an electoral ticket pledged to vote for Theodore Roosevelt in the electoral college. Thirteen members of the convention, desiring the nomination of William Howard Taft, the candidate of the illegal convention at Chicago, walked out of the meeting and put up a separate ticket. No one begrudges them this right. No one objects to the proposal to have that Taft ticket upon the ballot this coming November, except certain of the Taft people themselves. Those voters in this state who, whether Republicans or Democrats, desire to cast their votes for Taft, should have an opportunity to do so, and will have that opportunity unless the so-called Taft leaders take steps to prevent it. But the will of the Republican party of California, twice expressed, that California Republicanism should use its influence for Roosevelt, has been carried out by its instructed delegates. They have fulfilled their duty. The rest remains to the people themselves, at the ballot box.

But the Republican state convention of yesterday did an even more important duty than that of naming electors pledged to Theodore Roosevelt—the members agreed upon a program of legislative action that will be carried out in the legislature at Sacramento next spring. Most conventions pass resolutions supporting measures which their members have no means of carrying out. This convention is in a position to fulfill, and will fulfill, all of its state program. It is as certain as anything politically is certain, that the next legislature will be dominated by the Progressives of California. The men who adopted the platform yesterday will be the men who will be in a majority in the legislature and will enact the laws of the next session. Their program of reforms, fitting in their nature as sequels to the Progressive legislation of the last session, will be faithfully put into effect. This convention is a noteworthy occurrence, then, as being the first instance in American politics, of a convention placing before the people a platform that is certain to be accomplished.

## The Sunday School Lesson

As Taught at the Bible Institute of Los Angeles by Rev. J. H. Sammis.

LESSON XIII. REVIEW  
Mark 3:31-35; Mat. 11:28-30; 13:44, 45. September 29.

We have studied six miracles, and eight parables.

1. Have the class name, 1st the miracles; 2nd the parables.
2. Have the class so far as possible give the details of such miracles, or parables, as they can recall.
3. Have them name such prominent principles as they remember, or now note in the miracles and parables named.

THE CHILDREN'S HOSANNAS  
Sept. 29. Matt. 21:15-16

1. Hosanna in the Jew's language means "Save, I pray!" It is like our "Praise the Lord."

2. Ask about Palm Sunday. What? celebration of Jesus' entering Jerusalem in triumph. When? the Sun-

day before Easter, which celebrates His resurrection.

3. Draw out the picture of the triumphal procession; how the children loved Him and knew He loved them, and must have joined their parents in shouting, "Hosanna," and waving palm branches, and spreading garments in the way.

4. Show why he rode the ass (see the prophecy); kings rode asses, and this had a royal significance, and how they cried, "Blessed is the King of Israel!" Jno. 12:13.

4. The next day (Monday) Jesus cast out the money changers from the temple; healed the blind and the lame; and the children cried, "Hosanna to the Son of David." This greatly displeased the priests, but it pleased the Lord, who quoted Psalm 8:2. Sing "Coronation."

"LINN L. SHAW,  
"Postmaster, Santa Ana, Cal.  
"Dated Sept. 27, 1912."

Jackman's reply, and his demand upon the postmaster, was as follows: "Santa Ana, Cal. Sept. 27, 1912."

"Mr. Linn L. Shaw,  
"Postmaster, Santa Ana, Cal.,  
"Dear Sir:—Your communication of even date addressed to S. J. Jackman, chairman of the Republican county central committee, has just been delivered to me (2:45 p.m.). In this letter you inform me that you are holding a special delivery letter addressed to the Republican county central committee."

"In the same enclosure are extracts of postal law and regulation. Sections 646 and 653 do not apply in this case. This leaves only section 645 (Par. 5) from which you quote 'when in doubt.' In this case, Mr. Shaw, there can be no doubt, as no one with any pretensions whatever to fairness, other than those regularly elected on September 14th, would ask that the mail of the Republican county central committee be delivered to them with the expectation of getting it. Your own personal knowledge of the law pertaining to election of county central committee and your further knowledge of the actual conditions cannot help but convince you beyond any reasonable doubt, as to who are members of the Republican county central committee, and who are the legal officers thereof."

"I hereby serve this written notice on you as postmaster that the special delivery letter held by you be at once delivered to the undersigned forthwith, and that all mail so addressed, received by your office, in the future be placed in the box, No. 325, rented by the secretary of the Republican central committee, W. H. Thomas, for that purpose."

"Very truly yours,  
"S. J. JACKMAN,  
"Chairman Orange County Republican Central Committee."

## THEY BLEW SOAP-BUBBLES

And Otherwise Had a 'Happy Time on the Big Front Lawn of Carey R. Smith Home

Mrs. Carey R. Smith was hostess yesterday afternoon to sixty children of the primary department of the First Baptist Sunday school and succeeded in giving the merry crowd a most happy time. While waiting for all to arrive, the little guests played childish games, such as "bean bags" and "drop the handkerchief." When all had assembled, clay pipes were distributed and then there was a gay time in blowing soap-bubbles. The children enjoyed this pastime on the big front lawn of the Smith home.

Later the children formed a great circle and seated themselves on the lawn where ice cream and cake were served.

Several of the mothers were present and assisted Mrs. Smith in the merry-making for the little ones.

**Dinner Party**  
Mr. and Mrs. Elliott of 1403 Bush street were host and hostess at a pleasant dinner given last evening at their home in honor of Mr. and Mrs. McCosh of Tulsa, Okla. Pink and white roses and chrysanthemums were used in the decorative theme for house and table.

Dinner was served at 8 o'clock and was especially enjoyed from the fact that it was practically a family gathering, several of the guests being cousins of Mr. Elliott. These included Mr. and Mrs. McCosh, Mr. and Mrs. Frank Carden, recent arrivals here from Winfield, Iowa, and Mr. and Mrs. Alva Rittner. Covers were laid for those mentioned, for the host and hostess, Mr. and Mrs. Frank Miller and daughter Velma, Stewart Rittner, Floyd Elliott and Master Gould.

The evening following the dinner was spent in playing "Rook," a card game introduced by Mr. Carden, which proved to be an interesting diversion.

**Philatelic Girls**  
The Philatelic girls of the First Methodist Episcopal church met last evening and elected officers for the coming season. The officers elected are:

Miss Gertrude Richardson, president; Miss Esther Hanning, secretary; Thelma Price, treasurer; Amy Clay, reporter; Annis Snow, librarian.

A social hour followed the business period and home-made candy was served as refreshment.

**Methodist Rally Day**  
Sunday School Rally Day of the First Methodist church occurs tomorrow at the church. Not only will there be an appropriate program but the annual graduating exercises of the Sunday school will take place.

All members of the Sunday school are expected and urged to be present, and the parents and friends of the pupils are invited to attend.

All pupils expecting to take the Academic Course this year should enroll before October tenth.

## JAPANESE "AT HOME"

Ladies of First M. E. Church Joined in Pleasant Affair at the Winbiger Residence

Under the management of the "At Home" hostesses, the ladies of the First Methodist Episcopal church had a delightful time yesterday afternoon at the home of Mrs. Theo. Winbiger. There was a good attendance of ladies and all were invited to the lawn which was decorated with Japanese lanterns. A short program included two piano duets by the Misses Clevenger and two solos by Mrs. Mit Phillips.

Japanese refreshments were served by dainty girls gowned in Japanese costumes. They were Misses Lella Hill, Pauline McElree and the Misses Clevenger. Small tables were placed on the front porch and over the lawn.

The afternoon sped by all too swiftly, and all regretted when the hour for departure arrived.

**The Benjamin Vocal Method**  
W. A. Benjamin of this city is preparing and will soon place before the public a vocal method, the advance sheets of which indicate that it will be one of real benefit to students of singing. He prefaces his "vocalizes" or vocal exercises, by a brief and simple treatise on breathing and the organs involved in singing. This is followed by a condensed lesson on the singing voice in which he treats of the proper use of the "articulative and resonance mechanism," setting forth the method in simple and concise language that can be readily understood by the student. Articles on vocalizing and voice building follow, with some general instructions. This portion of the written instruction is especially interesting as well as valuable.

The vocalizes or practice exercises following these instructive lessons are really the practical application of what has gone before. The vocalizes are twenty-four in number and begin with the simple scale, continuing into the essential methods of vocal study. Mr. Benjamin gives in this new method the result of years of study and experience, and has succeeded in presenting his theories in a practical, comprehensive and condensed form, avoiding the flourishes and superfluities that so often perplex and discourage the beginner. The Benjamin vocal method certainly will be an aid to the conscientious student in arriving at a correct and successful use of the singing voice.

**Down From Trabuco**  
Mrs. J. E. Pleasants and Mrs. Walter K. Robinson accompanied by Miss Alice Robinson and the Robinson's house guest, Miss Irma Reinhaus, arrived in Santa Ana yesterday afternoon. Miss Alice comes down from Trabuco to begin her school duties in the near future. Miss Irma returns from a visit, but Mrs. Robinson and Mrs. Pleasants are here simply on pleasure. They attended the Ebelle theatrical performance in Los Angeles, returning to Trabuco tomorrow.

**Recent Bereavement**  
Miss Lida Covert has taken up her duties as bookkeeper for the Walnut Association. She came up from Balboa two or three days ago and is comfortably ensconced at the Brock rooming house. Miss Covert has recently sustained an irreparable loss in the death of her mother, who died suddenly of heart disease at Balboa on the 11th of this month. She has the deep sympathy of all who know her and who had the pleasure of an acquaintance with Mrs. Covert.

## THAT DOLLAR TEA

Home of Mrs. Felton Scene of Merriment as Ladies Told How They Earned Money

Mrs. Kate Felton was hostess yesterday afternoon to the Ladies' Missionary Society of the M. E. church South, the occasion being the "annual dollar tea."

The parlors were artistically decorated in many varieties of fragrant roses. There were fifty guests present, each member bringing a dollar. As each dollar was placed in a cut glass dish, the lady bringing it told in verse, prose or pantomime, how she had earned her dollar. Much mirth was occasioned by the reading of a poem written by the husbands of two of the ladies.

Miss Wilma Youngman gave two piano solos, charmingly rendered.

Ten girls from the Junior Missionary Society recited in verse the uses for the dimes and dollars sent to the missionary treasurer.

The remainder of the afternoon was delightfully spent in conversation. The hostess, assisted by Mrs. Yawter, Mrs. Stem, Mrs. Kirven, Mrs. Hill and Miss Wall, served delicious ices and cakes.

A goodly sum was added to the missionary treasury as a result of the dollar social.

**A Hero of the Church**  
It is said of Dr. Silas Johnson who is announced to preach tomorrow, both morning and evening at the First Presbyterian church, that he is a real hero of the modern day church. He has spent eighteen good years of his life in Africa in the service of carrying the gospel to the natives of the Dark Continent. What is told of hardship, privation and peril in that brief statement, only the missionary and an All-Seeing Providence can ever know.

Not the least of the sacrifices of Dr. Johnson has been the enforced separation from his two children whom he brought to this country to be educated while he returned to his heroic work in a far land.

Dr. Johnson speaks tomorrow in the absence of Rev. Mr. Stephenson who will fill the pulpit of Immanuel Presbyterian church in Los Angeles.

**New Rector**  
Rev. Rufus S. Chase from near Boston, Mass., is the new rector of the Church of the Messiah, and will preach his first sermon as the shepherd of the parish tomorrow morning. Rev. Mr. Chase, who has been in California on a year's vacation, six months of which has passed, supplied the church here for a month and so greatly pleased the people of the parish that a call was extended. The fact that the call was accepted is evidence that Mr. Chase reciprocated the cordial feeling felt by the congregation and membership of the church.

During their sojourn in California, Rev. and Mrs. Chase have been staying in Pasadena, but will now remove to Santa Ana where they will be warmly welcomed, and where the new rector will find a faithful and loyal parish.

Having accepted the rectorship of the Church of the Messiah, Rev. Mr. Chase asks the cordial co-operation of the whole parish in the services and work of the church.

**Bereavement Class Social**  
The Bereavement class of the First Presbyterian Sunday school met last night at the beautiful new home of Mr. and Mrs. John Fauers, 502 East Chestnut street. The evening was spent in games and music. Punch and wafers were served in the dining room.

During the business session the following officers for the next six months were elected:

President—J. C. Wynans.  
Vice President—G. B. Darnell.  
Secretary—Mrs. J. R. Goodwin.  
Treasurer—Mr. Miller.

During the evening a straw ballot was taken on the leading candidates for the presidency which resulted in 16 votes for Colonel Roosevelt, 9 for Governor Wilson and 2 for President Taft.

The class enjoyed a recitation by Mrs. Shepherd of North Main street.

**House Guests**  
Mrs. Paul Spahr of Denver and little daughter are the house guests of Mr. and Mrs. Elmer Burns. Other guests this week have been Miss Newcomb of New York, who has been a joint guest of Mrs. Burns and Mrs. French; also Mr. Walter Burns of Fort Wayne, Indiana, both leaving today.

Miss Newcomb was born here, but

Mr. Barnett is the brother of Mrs. I. N. Isch of Laguna Beach and is a young business man of Potsdam, New York. After a honeymoon trip, Mr. Barnett and his bride will go to Los Angeles where Mr. Barnett expects to go into business. They will reside at 827 Green street.

**Returns From East**  
Miss Elsie Harrison arrived at home last night after a three months' and a half visit in the east. She made Detroit, Mich., her headquarters during the first of her stay. She greatly enjoyed a stay at her uncle's summer home at Clarkston on Deer Lake, in Michigan, as well as a steamship trip on the great lakes. A journey into Canada where a fortnight was spent, with a trip to Erie beach near Chatham, Ontario.

A two weeks' visit in Chicago was followed by visits to relatives in Madison and Milwaukee. On the return trip, Miss Harrison visited in Kansas, going to different small towns to visit with relatives and friends. A stop at Denver rounded out the delightful summer. But best of all was the home coming to Santa Ana, and Southern California.

**Boy and Puppy Found**  
Antonio Padilla, aged 9, left his aunt's home at Fullerton to try to return to his home in Colton. He managed to get to Santa Ana where he and his puppy were taken in charge last night by the police. He is being held until his parents can be heard from.

**Attractively Decorated Window**  
The artistic effect of the arrangement of the E. S. Gilbert's display windows this week is of more than ordinary attractiveness. The various shades of brown are harmoniously blended in woollens, satins, etc., the millinery window deserving special mention. J. A. Bailey, the new window trimmer for the store who has just come here from Los Angeles, is said to be responsible for the graceful arrangement of the dry goods.

Smuggled tobacco is in strong request throughout the agricultural district of eastern Kent. It is hard, black, powerful and seems to suit the local palate. # OUR TUSTIN CORRESPONDENCE

(Continued from Page 6)

Stearns, accompanied by Mr. Stearns on the flute. This was a temperance song called "The White Ribbon." The voice and the flute seemed to fit this song admirably and the audience was delighted with it, calling for an encore, but did not get it.

Then followed "the whistling of a tune" in Miss Kenyon's own inimitable style.

The next number on the program was a Study of Christian Citizenship conducted by Mrs. Rawlings. First defining the term Christian Citizenship, she very happily led the attention of the listeners to a "Question-vase," which she had prepared from a little book entitled "A Catechism on the Civil Government of California." By means of these questions and answers the ladies were reminded of many important things which they should know as citizens in connection with their newly acquired power to vote.

It was then moved that a rising vote of thanks be given Mrs. Leek for the use of the beautiful lawn, and the visitors present also gave a vote of thanks for the hospitality of the Tustin union.

The visitors from Santa Ana were: Mrs. E. B. Norman, Mrs. Elizabeth Mills, Mrs. F. H. McElree, Miss Emily Cox, Mrs. Shaw, Mrs. Darling, Mrs. Emma Nickells and Mrs. J. N. Osborne; from Orange, Mrs. Agnes Ralph; from El Modena, Mrs. W. M. Durham and Mrs. Ella Murray.

Four new members joined the union, one honorary and three regular members.

## TUSTIN SOCIAL ITEMS

**Surprised Happily**  
Last Wednesday night Miss Bertha Donham was completely surprised by about twenty boys and girls who came to give a party in her honor on the occasion of her birthday. With games and refreshments which consisted of cake and a fruit drink, the young people enjoyed a delightfully informal surprise party. She received several highly appreciated remembrances. The girls were: Misses Inez and Alice Phinney, Grace Hatfield, Icy Vancil, Nellie Place, Mabel Logan, Ruth Morgan, Josephine Kussell, Fern Nimmo, Lena Ebel, and Mesdames J. W. Donham and J. J. Harper. The boys were: Roy Knight, Henry Ebel, John Black, Enoch Vancil, Vern Hilliard, Idus Harper, Jay Donham, Reiney Lee and Vernon Woodruff.

**Tustin Twelve**  
The Tustin twelve were charmingly entertained at the home of Mrs. J. C. Stearns last Wednesday afternoon. The members of the club present were Mesdames Albert Fuller, Arthur Hofer, Chas. Johnson, Chas. Artz, Geo. Pollard, Ellis Smith, Jos. Skinner and B. F. Nimmo.

The guests were Mrs. Frank McElree, Mrs. M. F. McClay and Miss Clara Wells of Santa Ana, and Mrs. Philip Ebel of Tustin.

Music, fancy work and sociability were the order of the afternoon. Flute and piano music by Mr. Stearns and Miss Clara Wells delightedly entertained the company while refreshments were being served, which consisted of strawberry ice, cake and fruit punch.

Vocal solos by Mrs. Chas. Johnson and Mrs. M. F. McClay, and piano selections by Mrs. Philip Ebel and Miss Clara Wells lent charm to the meeting hour.

Mrs. E. J. Cranston was taken into the club at this meeting to fill a retiring member's place.

**Y. P. B. Banquet**  
The Tustin Y. P. B. banquet held at K. P. Hall last night was a splendid success. The tables were set for nearly one hundred. Each member was allowed to invite a guest and were seated to a bountiful four-course dinner.

An excellent musical program was first enjoyed. Mrs. Law, national organizer for the W.C.T.U., talked in a very happy manner to the young people.

After the dinner was over Rev. E. W. Blew acted as toastmaster and the following responded to the different toasts: Miss Louise Long to "Girls," Mr. Deaver to "Boys," and Mrs. Shatto to the "Y."

Eight new members were secured

since the last meeting. A very profitable and pleasant evening was enjoyed.

Mrs. Law speaks at Villa Park next Sunday for the benefit of all who wish to attend.

**Household Economics Club**  
A meeting of the Tustin Household Economics Club was held last Wednesday at Birch Park, Santa Ana. Mrs. Neale and Mrs. Preble were hostesses. The subject discussed at this meeting was "School Lunches." Articles from the magazines were read and the subject was very entertainingly handled, although it was agreed by all the ladies that it is best to do away with cold lunches and have hot lunches furnished by the schools at a nominal cost.

In serving refreshments the school lunch idea was carried out. A school lunch was served to each guest in fancy baskets, and each was to keep the basket as a souvenir.

Rev. and Mrs. Emory Ellis of Lingsingchow, China, who are now in Los Angeles on their first furlough from the mission field, are coming Saturday afternoon to visit Rev. and Mrs. Blew until the following Friday. Mr. Ellis will preach at the Presbyterian church Sunday morning and both will take part in the Christian Endeavor and evening services, and the prayer meeting Thursday night. On Friday they will leave for San Diego. At the Thursday night prayer meeting a syncretistic study of the books of the Bible will be started, beginning with Genesis, and taking one book a night. It is hoped this will prove a very interesting line of study to a great many church members.

They went by way of Huntington Beach and on to Long Beach, visited the park and other attractions, the band concert and the new band-stand, the library and the stores. They had a fine three course dinner and a moonlight auto ride from Santa Ana home in the evening. The class voted this the finest outing they have had. They decided to take the husbands along the next time.

### WALNUT HARVEST OPENS AT TUSTIN

Sorting Begins in Many Large Groves; Hope is Felt For Good Prices

This week is about the beginning of the walnut harvest around Tustin. In many large groves the work of sorting has begun. Space would not admit of mentioning all the fine groves.  
That or Mr. C. F. Smith on Laguna avenue, arranged with a new equipment for sorting, is a busy place just now and there are many large boxes of handsome nuts already assorted and dried.  
The walnut crop will turn out very well, it is generally believed. Good prices are looked for.

The bean cleaning factory is running every day and evening, and the threshers are busy in the fields.  
Mr. Currier and Mr. Decker have been to Los Angeles this week to purchase the goods for the new hardware store lately established in Tustin.

### W. C. T. U. INSTITUTE HELD IN TUSTIN

Mrs. Jasper Leck Gave Use of Handsome and Lawn; Splendid Meeting Resulted

The lawn at Mr. Leck's residence was a scene of activity all day Thursday. Decorated with a huge flag, flowers and a fine portrait of Frances Willard, and with all the natural beauty of the lawn in shade trees and palms, the place was calculated to inspire a feeling of gratitude and happiness as the ladies gathered to hold the W.C.T.U. Institute in such an inviting place.

At 9:30 the institute was opened with a song, "Pure as the Streamlet," which was followed by devotional exercises led by Mrs. Spence, and a temperance song by the little daughters of Mrs. Phinney.

Mrs. W. L. Statto gave the address of welcome and Mrs. E. B. Norman, county president, responded with greetings from the county.

A mothers' meeting was then conducted by Mrs. C. E. Utt. In this connection Mrs. L. A. Cock was called upon to give her experience in raising boys and she read a most interesting paper giving suggestions of such practical application as to be very helpful to earnest mothers on this most vital subject. The paper was in substance as follows:

To raise a family of boys and get them where they have a proper viewpoint of life, someone must make a great sacrifice. That someone is usually the mother. By the time her responsibilities number six sons she may have reached a state of complete alienation and may find her form somewhat bent and her hair silvered, but she is that most admired of women—a mother of men.

In making an especial appeal to mothers of small boys, the time to begin to grow a perfect man is when he is one year old, about the time he begins to eat solid food. A boy's character is largely built at his mother's dinner table. Plan your dinner without Worcestershire sauce or any kinds of pepper. Above all things avoid hot spices. These things create unusual appetites and make the blood hot, excite emotions which nature planned to be dormant until the proper time. All kinds of red meat are bad for growing boys. If you give meat boil it, slice cold and thin and give few slices. In place of meat give plenty of milk gravy. Give plenty to eat. Let them eat between meals. Rapid growth demands food.

Watch carefully your own conversation before your children, make a strong appeal to their honor, teach older ones to be examples to younger, and younger ones to uphold the honor and good name of older ones.

Happy are the boys whose father is willing to be a boy with them once in a while. Encourage the father to be chummy with the boys.

At the age of fourteen or fifteen a boy is old enough to consult about business. There is no better tonic than work. If boys have to help in the work of making a living, let it be a matter of rejoicing rather than otherwise. The greatest men of a times have been children of poverty, raised near the heart of nature.

Do not plan great careers for your sons. Strive rather to have good, honest, industrious, sober, self-reliant men.

I was asked how I managed to keep my boys from the tobacco habit. I think it was plain, pure home-made bread, little meat, no spices or sauces and hard work.

The article read by Mrs. F. H. McElree, taken from the current number of the Mothers Magazine, "The Purpose of Education," by Ella Plagg Young, was highly appreciated, enjoyed and endorsed. Mrs. McElree was very enthusiastic on this subject, and expressed a wish that every mother might look this article up and read it.

This reading was followed by short but very interesting talks by Mrs. Rawlings, Mrs. King, Mrs. Murray and Mrs. Williams.

After a vote was taken to send a post card shower to Mrs. Burras, who has been ill at the Santa Ana hospital, the morning session was closed with the noontide prayer.

A delicious picnic dinner was then served of good things too numerous to mention.

After every one on the grounds had partaken of these good things to the fullest extent and a social half hour following, the afternoon session of the institute convened and Mrs. Salthe R. Ferris, state superintendent of the Anti-Cigarette Department, W.C.T.U., was introduced.

Mrs. Ferris said that when she first came to Los Angeles several years ago from Iowa, she was told that all the offices of the W.C.T.U. work were filled and there seemed nothing for her to do. She then asked if there was not some little insignificant part of the work which they could get no one else to do. There was the Anti-Cigarette Department, and this was given to her to superintend. Since that time this work has grown to be very important.

As the pernicious habit of cigarette smoking has spread over the country, eleven states have passed laws regulating or prohibiting the sale of cigarettes and these regulations have been brought about by the W.C.T.U. She quoted a friend, who said she had traveled a whole week in Kansas without seeing a single cigarette.

Mrs. Ferris was in close touch with her audience by means of her very evident earnestness and purposefulness. She had literature covering the whole subject and she gave the ladies many suggestions as to ways by which they could help in this work.

The ladies were then delightfully entertained with a song by Mrs. J. C.

## THOSE LOOKING FOR LAND Should See Sunny Stanislaus

Stanislaus County has much to offer the homeseeker and the investor. Sunny Stanislaus is "Where the Land owns the Water." If you have not seen Stanislaus County, you have not seen California.

In Stanislaus County is the Saylor Colony—consisting of 1250 acres. This land is part of the well known Tomlinson Ranch—located directly on the Santa Fe, between the towns of Hughson and Denair, about 2 miles distant from each. Turlock is only 4 miles away, Modesto 11 miles, and San Francisco 118 miles.

Saylor Colony Land is in the famous Turlock Irrigation District. Every acre is under ditch, and the water goes with the land. Use all you want. There is no more favored section in all of California. Fine for alfalfa and dairying. Raise poultry and hogs. Good markets within easy reach for everything that can be raised.

Land in Stanislaus County can be bought at favorable prices, and on easy terms. We own the Saylor Colony Land, which has been divided into 10 and 20 acre tracts.

You can buy one or more of these tracts by making a small first payment. Balance on long time. This land is almost certain to be worth double present prices within the next few years.

Let us send you an interesting folder giving all details. Then if you are sufficiently impressed, go with us and see Saylor Colony Lands. Weekly excursions. Low railroad fare. Tickets good returning ten days from date of departure. For further particulars, write Smith & Sweet, owners, 331 Mason Building, Los Angeles.—Adv.

It will pay you to investigate Sunny Stanislaus—"Where the Land owns the Water." We can put you in right. We saw the trend of things and took advantage of opportunity. We can sell you Saylor Colony Land for less money, and on more favorable terms, than equally desirable lands in the Turlock District are going for.

Let us send you an interesting folder giving all details. Then if you are sufficiently impressed, go with us and see Saylor Colony Lands. Weekly excursions. Low railroad fare. ## Hill's Corner

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbers and tanners are busy.

The outlook for the year ahead is good, barring political errors.

LOS ANGELES PRODUCE MARKET  
Receipts of fresh fruit still continue rather light. Only 864 boxes of apples were reported in yesterday. With the exception of those from local sections peaches are getting a little scarce. The local peaches are somewhat later than those from the north. Grapes are still plentiful and figs are received in fairly large quantities. The season for fresh Callimyrnas is about over. A few boxes that came in were selling at 60 cents each. Some strawberries are received from local sections, and the fall-winter crop is starting.

Local potatoes have been quite abundant of late, but the stock is not generally good. Some of the jobbers report that they are selling them as low as 25 cents a sack, and are glad to get any price. Arrivals of potatoes yesterday were 5031 sacks. There were no changes in the staple market. Fifty-seven cases of eggs, 20,083 pounds of butter and 8240 pounds of cheese came in. Butter is steady again at 35 cents in San Francisco.

There have been slight advances in the prices of meat.  
The price of barley for feed purposes has advanced. Some kinds of corn, however, is down a little. Oats are also a little cheaper.

## COLLECTION OF WEAPONS

Lasano Uses Ax on His Son-in-Law in Quarrel Over Bottles of Beer

When Victoriana Lasano was brought into jail yesterday and Santiago Molina was taken to the Santa Ana Hospital, there was also brought to the courthouse by District Attorney Koepsel a choice collection of weapons used in the fight between Lasano and his son-in-law, Molina. The collection consists of one heavy, dull ax, one big beet knife, one large dagger and two razors. Koepsel added these articles to the revolver and piece of gas pipe taken during his investigation of the fight between George Marshall and Charles Free at San Juan Capistrano Tuesday night. Lasano and Molina fought over a sack of bottled beer. The two men were intoxicated. Molina started to take the beer away when his mother-in-law objected. That started a rough-and-tumble in which the two men and two women, wives of the men, joined. Lasano had the ax and Molina the beet knife and dirk. Molina got all the worst of it. He was hit once on the head, and a bad scalp wound was inflicted. He lost his knives and started for the razors when Lasano hit him in the back with the ax, cutting to the backbone, and ending the fight. Dr. Violet dressed the wounds and sent Lasano to the hospital, while Constable Clark of Westminster got Lasano. The fight occurred near Smelter.

Case Dismissed  
Justice Landell dismissed the charge of petty larceny against D. Jiminez. Lino Reyes could not identify the revolver he claimed was stolen except

Owing to a change in plans Peters states that he cannot get back within the sixty days leave of absence asked for by him, and he requests that his leave be extended twelve days, to Nov. 1.

FIRE DESTROYS PLANT  
OF PACIFIC VEGETABLE

Anaheim Plain Dealer: Fire, believed started accidentally by hoboes, destroyed the packing house plant of the Pacific Vegetable Co., opposite the cannery Thursday night. Agent Frank O. Meyer of the company, started up the plant on Monday last on tomatoes and had a big season ahead. The house contained a considerable amount of tomatoes packed and ready for packing, which were destroyed. The loss will reach about \$4000. The company will at once seek temporary quarters in the city in which to continue its work until it can rebuild.

Splendid work by the fire department prevented the fire from reaching across the Santa Fe tracks to the cannery buildings and saved a string of cars on the tracks. The Schindler & Son warehouse nearby was also saved from damage. Heavy fog prevailed and the fire burned for twenty minutes or more before the alarm was turned in. When that was given the building was a mass of flames and beyond saving. Councilman Stark and Godfrey Stock were among those on Center street shortly after 11 o'clock who noticed the glare in the sky and thought it came from a fire in the vicinity of Olive, the fog deceiving the eye as to distance. A little later Earl Abbey and Tom Hoag driving in from Santa Ana noticed the fire and thought it somewhere east of town. On arriving Mr. Hoag sent in the alarm.

SUGAR BEET GROWERS  
MAKING FINE RECORD

Anaheim Plain Dealer: The beet growers of the Anaheim Sugar Company are finding reason to congratulate themselves upon the splendid returns they are receiving from their product.

An average of around 22 per cent sugar content is understood to be going down in the laboratory records of the factory, a phenomenal showing under any conditions and doubly so in view of the fact that a large part of the acreage of the company is ground that had its first cultivation for beets last year.

While the beets are not large, they are very rich. Harvesting is going ahead in the fields under the best conditions in point of labor that have obtained during the season and it now looks as if this portion of the worries of the campaign can be put aside.

Much to the advantage of the growers has been the warm weather of recent weeks and the lack of cold

nights and of frequent fogs or rain. With such weather the beets are advancing splendidly and every day making the season look better.

In the factory excellent results are being obtained. Perfect organization cannot be expected nor is obtained in any factory all of the time, but the Anaheim factory management is keeping at the maximum of good average in operation results. Present indications are that its season will run well into December.
